

FOR IMMEDIATE RELEASE:

Guild Launch Turns 3!

Richmond, Virginia – May 14, 2009 — On May 6th Guild Launch turned 3 years old. Guild Launch has seen rapid growth in the last three years and now has more than 1.1 million registered users and served more than 2.2 million pages during the World of Warcraft downtime for the 3.1 release.

Each year has seen a slightly different focus for Guild Launch. 2006 was beta time and after a successful beta the application was released to the public in December of 2006. 2007 was primarily a year for solidifying the core feature set and bringing new features online. In 2008 Guild Launch focused on refinements, expanding their Rapid Raid DKP product and 2008 saw nearly every feature get enhancements and refinement. Guild Launch also released their popular signature generator during this time.

In their 3rd year Guild Launch is focusing on further refinement of the product, expanding their game support while focusing on bringing an unparalleled experience to a multitude of games. Guild Launch will be adding forum enhancements, an award system, more widgets and continuing to work closely with their member community to deliver the features they find most important.

Guild Launch looks forward to the next 3 years and the next 20 years of providing their members with an absolute top notch experience, and the best is yet to come!

About Guild Launch

Guild Launch was founded to provide quality guild hosting services to the rapidly evolving and demanding online gaming market. The mission of Guild Launch is provide the members of MMORPG and FPS gaming communities, guilds, teams, clans, PvP teams etc., with affordable and state of the art guild hosting and management tools that enable guild leaders and guild administrators to spend less time managing their website and more time playing the games they love.
